Hello gentlemen – we are currently grappling with considering whether we need to engage in NHPA consultation with Florida and the Tribes over the state’s assumption of the 404 permitting program. I had this letter in my files from years ago. We’ve spoken to Tod in OGC about it, but I would like to know if anyone on your staff can talk to us about how R1 and your office handled the consultation and what lessons learned you may be able to impart.

Mita is the head of our Water Law Office and Matt is the Senior Attorney trying to navigate us through the 404 assumption process.
